² Withdrawals and loans are subject to tax on any gain in the contract and, if taken before age 59½, may be subject to a 10% federal tax penalty. Loans, if not repaid, and withdrawals will reduce the death benefit and account value. Clients should consult a tax advisor.

³ This benefit may vary or may not be available in some states.

⁴ This benefit will be added to the contract at no additional charge unless the contract owner declines it at time of application. A processing fee of \$100 will be applied. The amount received will be less than the amount elected because it is an early payment that is adjusted for interest, the processing fee and a portion of any contract loan balance. Amounts received based on chronic illness may be considered taxable income if they exceed current IRS limits. Receipt of the accelerated death benefit may affect eligibility for public assistance programs. Contract owners should consult their tax advisor regarding any tax implications.
